MEMORANDUM FOR THE RECORD

*Portraits*

STAT

FROM: [REDACTED]

SUBJECT: Portraits Unlimited

I was visited this afternoon by Pamela Harmsen, who wanted to advise the FAC that she was establishing a new organization called Portraits Unlimited to represent portrait artists in the Washington area. Her purpose was to make us aware of the existence of a local organization which she hopes will have the same capability as the New York organization, Portraits Incorporated, which represents various portrait artists whose services might be required by the various Federal agencies. I told her we would put her card in the file for future reference.
